# NEW TOEFL iBT® READING PRACTICE PACK

Complete The Words Task Type

[englishtestlab.com.tr](http://englishtestlab.com.tr)

## TOEFL iBT® READING PRACTICE COMPLETE THE WORDS

**Fill in the missing letters in the paragraph.** The following text is about 80-100 words long. Following an intact first sentence, the second half of every second word is deleted. You must provide the missing letters to complete each word correctly.

### READING ACTIVITY 1

#### Topic: The Benefits of City Parks

Public parks provide a peaceful space for people to relax and enjoy nature within a busy urban environment. Many vis\_\_\_\_\_s spend th\_\_\_\_\_ free ti\_\_\_\_\_ walking th\_\_\_\_\_ the gardens o\_\_\_\_\_ sitting n\_\_\_\_\_ the lakes. These ar\_\_\_\_\_ are import\_\_\_\_\_ because th\_\_\_\_\_ help redu\_\_\_\_\_ stress lev\_\_\_\_\_ for everyone living in the city. Research shows that spending time in green spaces can significantly improve a person's mental health and overall happiness.

### READING ACTIVITY 2

#### Topic: The Power of Solar Energy

Solar energy is a clean and renewable source of power that comes directly from the sun's rays every day. Many peo\_\_\_\_\_ install pa\_\_\_\_\_ on th\_\_\_\_\_ roofs t\_\_\_\_\_ catch sunl\_\_\_\_\_ and tu\_\_\_\_\_ it in\_\_\_\_\_ electricity f\_\_\_\_\_ their ho\_\_\_\_\_. This h\_\_\_\_\_ protect the environment because it does not create any pollution like coal or oil. Using solar power is becoming more popular as the technology gets cheaper and more efficient for everyone to use.

### READING ACTIVITY 3

#### Topic: The Role of Public Libraries

Public libraries are vital community centers that provide free access to a vast collection of books, digital resources, and educational programs. Many stud\_\_\_\_\_ use th\_\_\_\_\_ places t\_\_\_\_\_ find qui\_\_\_\_\_ spots f\_\_\_\_\_ studying o\_\_\_\_\_ doing resear\_\_\_\_\_. Modern libra\_\_\_\_\_ also of\_\_\_\_\_ computers a\_\_\_\_\_ internet access to help people learn new skills for their careers. By offering these services, libraries continue to support lifelong learning for people of all ages in the community.

**COMPLETE THE WORDS**

**READING ACTIVITY 4**

**Topic: The Importance of Healthy Sleep**

Getting enough sleep every night is essential for maintaining good physical health and ensuring that the brain functions properly throughout the day. Many doctors agree that sleep helps the body repair itself and strengthens the immune system. People who do not get enough rest often find it difficult to concentrate on their work or studies. In addition to physical benefits, a good night's rest helps regulate mood and reduces the risk of feeling stressed during busy periods.

**READING ACTIVITY 5**

**Topic: The Role of Honeybees in Nature**

Honeybees are incredibly important insects because they help pollinate many of the plants that produce the food we eat every day. Many farmers rely on these bees to help their crops grow strong and plentiful. Without them, our supply of fruits and vegetables would decrease significantly. This is why protecting bee colonies is essential for maintaining a healthy environment and ensuring that there is enough food for everyone in the future.

**READING ACTIVITY 6**

**Topic: The Benefits of Regular Walking**

Walking is one of the simplest and most effective ways to improve your physical fitness and overall mental well-being. Many people choose to walk because it does not require any special equipment or expensive gym memberships. Just thirty minutes of walking every day can help strengthen your heart and improve your mood. Additionally, walking outdoors allows you to enjoy fresh air and connect with nature, which further reduces stress and increases your energy levels.

**READING ACTIVITY 7**

**Topic: Artificial Intelligence in Schools**

Modern classrooms are undergoing a major transformation as digital tools and smart software begin to change the way teachers deliver lessons. Educators suggest that these advanced technologies help personalize the learning experience for every student in the classroom. By using data, software can identify where a learner needs more practice and provide instant feedback to help them improve. While some worry about the role of human instructors, most experts believe that technology will act as a powerful assistant rather than a replacement in the future.

**READING ACTIVITY 8**

**Topic: Oceans and Global Climate**

The world's oceans act as a massive heat reservoir that absorbs a significant amount of solar radiation to regulate global temperatures. Large currents move the warm water across distant regions, affect weather patterns and support various forms of marine life. Without this constant circulation, many coastal areas would experience much more extreme temperatures during the summer and winter months. Understanding how these systems work is essential for predicting future environmental changes and protecting our planet's delicate balance.

**READING ACTIVITY 9**

**Topic: The Expansion of Wind Energy**

Wind power has become one of the fastest-growing sources of renewable energy as nations seek to replace fossil fuels with cleaner alternatives. Giant turbines are placed in areas with strong winds to generate electricity without releasing harmful gases into the atmosphere. This sustainable method helps protect nature while providing a steady supply of power for local communities. As technology continues to improve, these machines are becoming more efficient and can now produce enough energy to support thousands of homes at a lower cost than ever before.

**READING ACTIVITY 10**

**Topic: The Importance of Pollinators**

Honeybees and other insects are essential for the survival of many plant species because they carry pollen from one flower to another. Natural habitats support the tiny creatures by providing food and shelter throughout the warm months of the year. This process is vital for growing the fruits and vegetables that humans consume every day. Unfortunately, the loss of wildflowers and the use of chemicals in farming have made it difficult for these helpful insects to find enough food to stay healthy and productive.

**TOEFL iBT® READING PRACTICE**  
**COMPLETE THE WORDS**

**ANSWER KEY**

**READING ACTIVITY 1**

**Topic: The Benefits of City Parks**

1. **itors** (Visitors)
2. **eir** (their)
3. **me** (time)
4. **rough** (through)
5. **f** (of)
6. **ear** (near)
7. **eas** (areas)
8. **ant** (important)
9. **ey** (they)
10. **ce** (reduce)

**READING ACTIVITY 2**

**Topic: The Power of Solar Energy**

1. **ple** (people)
2. **nels** (panels)
3. **eir** (their)
4. **o** (to)
5. **ight** (sunlight)
6. **rn** (turn)
7. **to** (into)
8. **or** (for)
9. **mes** (homes)
10. **elps** (helps)

TOEFL iBT® READING PRACTICE  
COMPLETE THE WORDS

READING ACTIVITY 3

Topic: The Role of Public Libraries

1. **ents** (students)
2. **ese** (these)
3. **o** (to)
4. **et** (quiet)
5. **or** (for)
6. **r** (or)
7. **ch** (research)
8. **ries** (libraries)
9. **fer** (offer)
10. **nd** (and)

READING ACTIVITY 4

Topic: The Importance of Healthy Sleep

1. **ors** (doctors)
2. **at** (that)
3. **lps** (helps)
4. **dy** (body)
5. **elf** (itself)
6. **he** (the)
7. **tem** (system)
8. **o** (who)
9. **ot** (not)
10. **st** (rest)

READING ACTIVITY 5

Topic: The Role of Honeybees in Nature

1. **mers** (farmers)
2. **n** (on)
3. **s** (bees)
4. **elp** (help)
5. **ps** (crops)
6. **ng** (strong)
7. **tiful** (plentiful)
8. **em** (them)
9. **ply** (supply)
10. **nd** (and)
